Known as the original electronic valve, the Caretaker/Polaris UltraFlex Water Valve is gray with one feed line, which connects on the bottom. It consists of eight separate zones, which come off the lower valve sides. It contains a metal control box, located near the equipment, which is typically mounted on the wall by the time clock/control panel.

**Polaris Caretaker UltraFlex Collar - Light Gray # 1-9-69**

I have the Ultraflex 2 version of the caretaker in floor system. Tonight I noticed the red LED light on the UltraFlex 2 box blinks nonstop and the stations are not rotating. There is nothing in the manual regarding the LED lights and why they are blinking nonstop. I checked the motor and it is free of debris. I also checked the voltage on the controller side via terminals 1 and 2 (Brown, Green ...
