explains how all these variables must be considered in order to keep the horse comfortable. In addition, read about correct use of saddle pads; fitting saddles for different sports such as reining, cutting, pleasure, and trail; and how to care for your horse's back, both over the short and long term.

Using their right nostril—the book thus reveals many aspects of the horse that will be unknown to many and explains why and how this can help us with our training. It also explores how our own emotions and actions can affect the horse. The information is based on scientific research but presented in an
