When Fox Is a Thousand is a retelling of an old Chinese folktale. In Larissa Lai's novel, a fox spirit comes to haunt Artemis Wong, a young woman living in contemporary Vancouver. The Fox brings with her the history of another haunting, that of the Tang Dynasty poet Yu Hsuan-Chi, who was accused of having murdered the young maid servant who once worked for her. Part history, part fairytale, part urban discontent, this novel cracks open all preconceptions about Asian women, gender, sexuality, family, faith, and the flow of time.

A dynamic and hip collective biography that presents forty-four of America's greatest movers and shakers, from Frederick Douglass to Aretha Franklin to Barack Obama, written by ESPN's TheUndeatead.com and illustrated with dazzling portraits by Rob Ball. Meet forty-four of America's most impressive heroes in this collective biography of African American figures authored by the team at ESPN's TheUndeatead.com. From visionaries to entrepreneurs, athletes to activists, the Fierce 44 are beacons of brilliance, perseverance, and excellence. Each short biography is accompanied by a compelling portrait by Robert Ball, whose bright, graphic art pops off the page. Bringing household names like Serena Williams and Harriet Tubman together with lesser-known but highly deserving figures such as Robert Abbott and Dr. Charles Drew, this collection is a celebration of all that African Americans have achieved, despite everything they have had to overcome.

This textbook provides interventional cardiologists, endovascular interventionalists, and physicians in training with a comprehensive resource on the prevention and management of complications in interventional cardiology. The book focuses specifically on risk factors, prevention, and management with conventional and/or with bailout techniques and devices. It includes many images of common and rare complications and of devices. The first section, on general principles, includes quality assurance, training requirements, legal considerations, adjunctive pharmacotherapy, and conscious sedation. Subsequent sections cover general complications of invasive procedures and complications of specific coronary interventions, noncoronary cardiac interventions, peripheral vascular procedures, pediatric interventions, and electrophysiology procedures. A companion website includes videos of over 30 complications and bailout techniques.

From the foreword: "One of the High Line's powers is its ability to evoke time, to remind us of the changes we've experienced during our own lives, to bring forth echoes of the past, and to make us guess what life might be like years from now. I love the photos on these pages, because they have that power, too." --Joshua David, Co-Founder of the Friends of the High Line. Ten Avenues Press, in association with Friends of the High Line, announce the publication of High Line Nudes. In 2006, photographer Kevin McDermott took three of his friends up on the abandoned railroad tracks that would become New York City's High Line park to shoot a series of nudes. As McDermott states in his introduction, "at the time I took these photos, what I sought from its beauty was its sense of isolation, being alone, surrounded by nature in the middle of this metropolis." A decade later, this location is now one of the most visited tourist destinations in NYC and one of the largest real estate developments in the world. High Line Nudes captures a seemingly impossible, but beautiful moment in the history of the West Side Rail Yards, Chelsea and an ever changing New York City. The cloth hardcover book is beautifully printed in color and rich black and white duotone images.

Farmscape is a community play which documents the contemporary Midwest farmscape. Mary Swander's Iowa State University English class students interviewed farmers around their state and compiled their stories in the farmers' own words. Savor the taste of organic vegetables on a truck on its way to the local farmer's market, suit up in protective clothing and a mask before you enter a hog confinement operation. Experience the David and Goliath story of an organic farmer up against the economic forces of the 3500 acre agri-business operation next door. In the end, you'll understand that during the pioneer days, farming completely changed the ecosystem of the prairie. A hundred and fifty years later, this landscape is dramatically changing again. This book contains the full readers' theater script as well as commentary on both Farmscape and the changing rural environment it documents.

Analyzes recent economic and social developments in the region with particular emphasis on economic and social policy issues and broad development strategies. This publication is invaluable to every multinational corporation intending to expand their business in Asia or to invest in the region.

This revised and expanded Black Theatre USA broadens its collection to fifty-one outstanding plays, enhancing its status as the most authoritative anthology of African American drama with twenty-two new selections. This collection features plays written between 1935 and 1996.

The SAGA Biography traces the band's history over the last three decades; from the pre-SAGA days with Truck and Fludd in the early seventies, 'till the departure of singer Michael Sadler in December 2007. The members of SAGA have approved of this project and, in an effort to ensure factual correctness, they read the book prior to release. "Thirty years is a long time in the life of a band and as you can imagine there are many twists and turns that the long road brings! There were a lot of happy times as well as some not so happy times and Edwins account of these are entertaining as well as enlightening for anyone who wants to go down that road fans wanting to learn some of the inner workings of SAGA and the members. You won't put it down!" JIM GILMOUR, SAGA

This book is a most exciting and unusual study of cultural history. The idea of the pregnant man, redolent of bawdy jokes and sexual fantasy, has inspired European literature and folklore since ancient times. Traces of the theme, both comical and disturbing, are found not only in the wealth of tales from Italy, France, Germany, Russia, Finland and other European Countries, but also in the Hebrew and Islamic traditions.
