It does not give you innovative ideas, but it gives you basics of what strategic planning is all about. However, strategic planning may be a tool for effectively deciding the direction where your company wants to go, however, it cannot foresee the market changes, the competition changes or technology changes.

Simplified Strategic Planning: The No-Nonsense Guide for ...

There are several alternative models to strategic planning - This basic or simplified model will meet the requirements of most managers, including managers in large organisations whose annual strategic planning activities must fit within the overall corporate strategy, or

Simplified or Basic Strategic Planning Model

Strategic planning is an organization's process how to define its strategy how to reach its goals, and how to make critical decisions. The plan includes allocating resources (incl. people, financial capital, knowhow/knowledge, technical and material capital) to pursue this strategy and company goals.

Simplified Strategic Planning: The No-Nonsense Guide for ...

Be aware that Strategic Planning (aka Strategy Planning) is only the first step in Strategic Management Strategic Management also must include 1) Execution of the plan, 2) Monitoring of developments and execution progress and 3) Feed-back into the plan. Without proper Execution, Monitoring and Feedback, planning will surely fall short of expectations.
