**Stones** and Drugs and Rock'n'Roll explores the interaction between two of the most powerful socio-cultural movements in the post-war years - the literary forces of the Beat Generation and the musical energies of rock and its attendant culture. Simon Warner examines the interweaving strands, seeded by the poet/novelists Jack Kerouac, Allen Ginsberg, William Burroughs and others in the 1940s and 1950s, and cultivated by most of the major rock figures who emerged after 1960 - Bob Dylan, the Beatles, Bowie, the Clash and Kurt Cobain, to name just a few. This fascinating cultural history delves into a wide range of issues: Was rock culture the natural heir to the activities of the Beats? Were the hippies the Beats of the 1960s? What attitude did the Beat writers have towards musical forms and particularly rock music? How did literary works shape the consciousness of leading rock music-

# Where To Download Sixties Lynda Rosen Obst Rolling

Stones  
makers and their followers? Why did Beat literature retain its cultural potency with later rock musicians who rejected hippie values? How did rock musicians use the material of Beat literature in their own work? How did Beat figures become embroiled in the process of rock creativity? These questions are addressed through a number of approaches - the influence of drugs, the relevance of politics, the effect of religious and spiritual pursuits, the rise of the counter-culture, the issue of sub-cultures and their construction, and so on. The result is a highly readable history of the innumerable links between two of the most revolutionary artistic movements of the last 60 years.

New Age culture is generally regarded as a modern manifestation of Western millenarianism - a concept built around the

# Where To Download Sixties Lynda Rosen Obst Rolling

expectation of an imminent historical crisis followed by the inauguration of a golden age which occupies a key place in the history of Western ideas. The New Age in the Modern West argues that New Age culture is part of a family of ideas, including utopianism, which construct alternative futures and drive revolutionary change. Nicholas Campion traces New Age ideas back to ancient cosmology, and questions the concepts of the Enlightenment and the theory of progress. He considers the contributions of the key figures of the 18th century, the legacy of the astronomer Isaac Newton and the Swedish visionary Emanuel Swedenborg, as well as the theosophist, H.P. Blavatsky, the psychologist, C.G. Jung, and the writer and artist, Jose Arguelles. He also pays particular attention to the beat writers of the 1950s, the counterculture of the 1960s, concepts of the Aquarian Age and

prophecies of the end of the Maya Calendar in 2012. Lastly he examines neoconservatism as both a reaction against the 1960s and as a utopian phenomenon. The New Age in the Modern West is an important book for anyone interested in countercultural and revolutionary ideas in the modern West.

Three days that changed a generation  
Woodstock - Peace, Music & Memories  
tells a story of what Time magazine called  
"the greatest peaceful event in history."  
Celebrate the 40th anniversary of this  
generation-defining moment through the  
words and pictures of some of the 500,000  
people who were at Max Yasgur's farm in  
1969. Capturing the spirit of the times  
with its earthy look and mix of 350 color  
and black and white photos, Woodstock -  
Peace, Music & Memories features: •  
Foreword by festival co-creator and

Stone promoter Artie Kornfeld • Commentary by longtime peace activist and Woodstock insider Wavy Gravy • Personal recollections and never-before-seen pictures by the people who were there • Special section on Woodstock memorabilia with current values

Reprint. Originally published: New York: Random House, c1984.

Named one of the world's great blues-rock guitarists by Rolling Stone, Mike Bloomfield (1943–1981) remains beloved by fans nearly forty years after his untimely death. Taking readers backstage, onstage, and into the recording studio with this legendary virtuoso, David Dann tells the riveting stories behind Bloomfield's work in the seminal Paul Butterfield Blues Band and the mesmerizing Electric Flag, as well as the Super Session album with

Al Kooper and Stephen Stills, Bob Dylan's Highway 61 Revisited, and soundtrack work with Peter Fonda and Jack Nicholson. In vivid chapters drawn from meticulous research, including more than seventy interviews with the musician's friends, relatives, and band members, music historian David Dann brings to life Bloomfield's worlds, from his comfortable upbringing in a Jewish family on Chicago's North Shore to the gritty taverns and raucous nightclubs where this self-taught guitarist helped transform the sound of contemporary blues and rock music. With scenes that are as electrifying as Bloomfield's music, this is the story of a life lived at full volume.

Called by "Entertainment Weekly" "The best book on Hendrix", "Crosstown Traffic" rode their A-list for over two months and won the prestigious Ralph J.

**Gleason Music Book Award.** Roots-savvy British critic Charles Shaar Murray assesses the lifework of guitarist Jimi Hendrix in the context of black musical tradition, social history, and the upheaval of the 1960s.

(Book). This is a vivid and rollicking account of The Band's journey across three decades. Spanning the history of American rock and boasting a supporting cast that includes Dylan, Janis Joplin, and U2, the book brilliantly captures the raw magic and complex personalities of a group George Harrison called "the best band in the history of the universe." This revised U.S. edition includes a postscript, together with an obituary of Rick Danko and a brand-new interview with Robbie Robertson.

Traces the history of rock music from the

Chords to the Beatles, identifies artists of the period, and lists the top songs of each year.

The complete history of one of the most long-lived and legendary bands in rock history, written by its official historian and publicist—a must-have chronicle for all Dead Heads, and for students of rock and the 1960s' counterculture. From 1965 to 1995, the Grateful Dead flourished as one of the most beloved, unusual, and accomplished musical entities to ever grace American culture. The creative synchronicity among Jerry Garcia, Bob Weir, Phil Lesh, Bill Kreutzmann, Mickey Hart, and Ron “Pigpen” McKernan exploded out of the artistic ferment of the early sixties' roots and folk scene, providing the soundtrack for the Dionysian revels of the counterculture. To those in the know, the Dead was an

**Strong** tour de force: a band whose constant commitment to exploring new realms lay at the center of a thirty-year journey through an ever-shifting array of musical, cultural, and mental landscapes. Dennis McNally, the band's historian and publicist for more than twenty years, takes readers back through the Dead's history in *A Long Strange Trip*. In a kaleidoscopic narrative, McNally not only chronicles their experiences in a fascinatingly detailed fashion, but veers off into side trips on the band's intricate stage setup, the magic of the Grateful Dead concert experience, or metaphysical musings excerpted from a conversation among band members. He brings to vivid life the Dead's early days in late-sixties San Francisco—an era of astounding creativity and change that reverberates to this day. Here we see the group at its most raw and powerful, playing as the house band at

# Where To Download Sixties Lynda Rosen Obst Rolling

Ken Kesey's acid tests, mingling with such legendary psychonauts as Neal Cassady and Owsley "Bear" Stanley, and performing the alchemical experiments, both live and in the studio, that produced some of their most searing and evocative music. But McNally carries the Dead's saga through the seventies and into the more recent years of constant touring and incessant musical exploration, which have cemented a unique bond between performers and audience, and created the business enterprise that is much more a family than a corporation. Written with the same zeal and spirit that the Grateful Dead brought to its music for more than thirty years, the book takes readers on a personal tour through the band's inner circle, highlighting its frenetic and very human faces. *A Long Strange Trip* is not only a wide-ranging cultural history, it is a definitive musical biography.
