Cole Randolph was just trying to have a fun time with his friends on Halloween (and maybe get to know Jenna Hunt a little better). But when a spooky haunted house turns out to be a portal to something much creepier, Cole finds himself on an adventure on a whole different level in Sky Raiders. In Rogue Night, Cole never meant to end up in The Outskirts, but when his friends were kidnapped, he had to try and save them. Now he's trapped in a world that lies between wakefulness and dreaming. Will he find them before it's too late? Cole ventures to a new kingdom as he continues his search for his friends—and also pursues his quest to mend what has gone awry with the magic in The Outskirts in Crystal Keepers. Can he overcome the challenges ahead, or will he be stranded forever in a world between reality and imagination?

When the hunt for his lost friends leads Cole Randolph to the kingdom of Elloweer, he and new friends Mira, Twitch, and Jace team up with the resistance movement to search for Mira's sister, Honor, but enemies abound and Cole and Mira must use a new kind of magic to protect themselves.

Trapped in a world where magic is powerful and dreams are real, Cole's epic adventure comes to a close in book five of the New York Times bestselling “fanciful, action-packed adventure” series (Publishers Weekly, starred review), from the author of the Fablehaven and Beyonders series. Cole Randolph can barely remember what life was like back home in Arizona. It's hard to imagine there was a time he didn't wake up to daily threats and danger. But Cole is still determined to find a way home with his friends and to set things right in the Five Kingdoms before he leaves. That means traveling to the last of the kingdoms—Creon. It's a place where time itself can be manipulated, where reality can bend and change. On one last death-defying mission, Cole must use everything he has learned to face a villain with powers beyond anything he has seen before. The past, present, and future are all at stake in this epic conclusion to the bestselling Five Kingdoms series.

Joel Ross debuts a thrilling adventure series in which living in the sky is the new reality and a few determined slum kids just might become heroes. This Texas Bluebonnet selection—a fantasy filled with daring and hope and a wonderfully imaginative world—is perfect for fans of Rick Riordan and Brandon Mull. Once the Fog started rising, the earth was covered with a deadly white mist until nothing remained but the mountaintops. Now humanity clings to its highest peaks, called the Rooftop, where the wealthy Five Families rule over the lower slopes and floating junkyards. Thirteen-year-old Chess and his friends Hazel, Bea, and Swedish sail their rickety air raft over the deadly Fog, scavenging the ruins for anything they can sell to survive. But now survival isn't enough. They must risk everything to get to the miraculous city of Port Oro, the only place where their beloved Mrs. E can be cured of fogsickness. Yet the ruthless Lord Kodoc is hot on their trail, for Chess has a precious secret, one that Kodoc is desperate to use against him. Now Chess will face any danger to protect his friends, even if it means confronting what he fears the most.

Nate and his friends think the new Arcadeland, where tickets can earn jets, tanks, subs, and race cars, is totally cool, until they learn that the arcade owner is hiding a secret.
