Slicing Pie by Mike Moyer | Audiobook | Audible.com

Slicing Pie allows people to invest in the future outcome of the company. But, unlike an established company, startups have no value so it's not a traditional investment, it's a gamble. Because it's a gamble, the price and percentage ownership of the shares isn't absolute, it's relative based on each person's bet.

The Problem with Equity as Compensation - Slicing Pie

Slicing Pie is a universal formula for creating a perfectly fair equity split in an early-stage, bootstrapped startup. Traditional, old-fashioned equity splits are based on guesses about the future, negotiation skills and rules-of-thumb. The Slicing Pie model is different because it's based on what participants actu ally contribute over time.

The New Pie Slicer Application - Slicing Pie

In most cases, I recommend paying company expenses from the company bank account rather than running it through personal accounts. In the early days this may be impractical, but as your company grows you'll need to get your banking organized. Slicing Pie's Well feature allows individuals to contribute cash to a corporate savings account. When money is transferred from the savings account into a checking account to pay bills, the amount of the transfer converts to slices for each ...

You will learn: How to value the time and resources an individual brings to the company relative to the contributions of others ; The right way to value intangible things like ideas and relationships ; What to do when a founder leaves your company ; How to handle equity when you have to fire someone. (4e de couv).

AUSTRALIA/NEW ZEALAND EDITIONSame book...different cover!Great ideas are a dime a dozen, but what if you have the idea but not the dime? Slicing Pie outlines a simple process to get your business started even if you don't have a lot of cash. In the early days you can use equity to get the things you need to start your company including help, equipment, supplies, rent and even credit. Slicing Pie explains how to calculate the fair amount of equity to the right people. Learn the tricks of the trade including: - Calculating a theoretical value of your company- Assigning value to the various inputs to your business- What to do when a founder leaves your company- How to handle equity when you have to fire someone This unique guide answers the tough questions for budding entrepreneurs and helps make sure they get started on the right foot.

Equity can be a powerful tool to attract resources and talent to your startup; dividing it up improperly can cause irreversible damage and derail an otherwise promising company. Will Work for Pie shows how to apply the logic of the aptly named Slicing Pie model for equity splits that has been used by thousands of startups all over the world to create a perfectly fair equity split. In this book, you'll learn what fairness looks like in a startup and how to achieve it: How the Slicing Pie model works and why it always creates a fair split! What motivates employees and teams and how to build an effective incentive program How to determine the fair market value of just about anything your company needs A fascinating addition to the entrepreneur's library, Will Work for Pie speaks to both startup founders and early participants who are looking at team-building for a new company, as well as seasoned entrepreneurs who may be wary of equity splits following a bad experience (or two).

The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them.

Companies can both serve society and generate profit. This book shows how - based on rigorous evidence and an actionable framework.

How does a suburban pizza joint end up profiled on national magazine covers and network TV news? (Hint: The secret is not in the sauce.) When Nick Sarillo decided to open a family-friendly pizza restaurant in the suburbs of Chicago, people thought he was nuts. Having worked as a carpenter for much of his adult life, he lacked any formal experience in restaurants or in managing a small business. Everyone told him no one else would ever care about his place the way he did. They warned he'd have to work 20-hour-days and monitor every employee just to stay in business. But Sarillo saw things differently, and set out to run his business in a radically different way. Today Nick's Pizza & Pub is one of the top ten busiest independent pizza restaurants in the country, with two locations that gross about six times the revenue of the typical pizza restaurant. And in an industry where most employees leave within less than a year, Nick's annual turnover rate is less than 20 percent. How did he do it? The secret lies in Nick's purpose-driven culture, in which every employeee from the waiters to the chefs to the managers is equipped with the tools necessary to do their job while also advancing the company's overall mission. The result is higher sales, a dedicated team, and a big little business that is beloved by the entire community. In A Slice of the Pie Sarillo tells the story of how he built his extraordinary culture and shows how anyone can follow his methods. For instance, Nick's managers engage the staff by tracking and rewarding unusual metrics, such as how many guests request a particular server or the average check amount of each carryout host. Likewise, team members of all ages and levels of experience are encouraged to express themselves, acquire new skills, and suggest ideas to help the business grow. A Slice of the Pie will help transform even the smallest, simplest, and most ordinary business into a successful, high-performance organization.

In Lessons from the Edge, nearly 50 business owners and entrepreneurs offer a wealth of real-life stories, in their own words, that provide rare insights into keeping a company healthy and growing. The authors have drawn on interviews with nearly 50 entrepreneurs, all of whom are under 45 years of age and are founders or presidents of companies with revenues over \$1million and growing rapidly. This instructive and inspiring book brims with lessons for all business owners about courage, persistence, and survival.

!Anyone who comes to pitch on Shark Tank should read this book first!! !Barbara Corcoran, ABC's Shark Tank !! I have seen literally thousands of companies trying to raise capital and know that a great pitch deck is critical. This book gives you the playbook for creating yours.!! !Naval Ravikant, cofounder and CEO, AngelList !! I raised twice the amount of money I set out to in a mere five weeks. A breakdown of the 10 essential pitch deck slides, how to create them, and what questions you should answer with each !! An overview of the 5 main funding sources for startups, the pros and cons of each, and who the big players are !! A crash-course in visual and presentation design that will make any deck beautiful !! Templates for 4 stories every entrepreneur should know how to tell !! The story of one entrepreneur who showed up in Silicon Valley with no network and six months later had investments from Fred Anderson, Bono, and Peter Thiel Get Backed will show you exactly what it takes to get funded and will give you the tools to make any idea a reality.

Are you looking to start or grow a customer success team? Customer success is no longer just for companies with large teams and resources. It's a company mindset that can unlock the biggest opportunities in business. Customer success can help streamline experiences, grow product engagement and loyalty, and more importantly - retain business. In The Startup's Guide to Customer Success, Jennifer Chiang presents a guide on how to plan, execute, and grow your own customer success team and the actionable steps that you can take to champion the customer at your company. Learn insights such as: * The four attributes Shreesh Ramdas, CEO and Co-Founder of Strikedeck, says are must-haves when hiring your first customer success team* How Jamey Jeff, Managing Director of Customer Success Solutions at Coastal Cloud, reevaluated OBRs to derive more value for his customers with less work* How Maranda Dziekonski, VP of Customer Success at Pared, manages her time wisely to not only get everything done, but light fires and plan aheadThis book is for everyone from new customer success leaders, CEOs and VPs who want their company to be more customer-centric, to start-ups who are starting their own customer success teams

Most start-ups fail. And they die remarkably young: The typical start-up lasts 20 months and burns through \$1.3 million in financing before closing its doors. So what's the formula for success for those start-ups that make it through the early trials, leveraging their early success into either getting acquired or issuing an IPO (initial public offering)? What are the lessons that first-time entrepreneurs and employees need to know to navigate their way to success? The Ultimate Start-Up Guide offers practical advice, insights, lessons, and best practices from the world of start-ups, including: Strategies for hiring and building your team, culture, and values. How to pitch your company, secure funding, and distribute equity. Best practices in launching your business. How venture capitalist investors think, evaluate new companies, and advise entrepreneurs. War stories and red flags from top VC partners and entrepreneurs. Start-ups are a business model and culture of their own, changing the economic landscape as well as the way we live and work. The Ultimate Start-Up Guide offers an insider's look at this world. It's a fascinating read for anyone contemplating how to build or participate in a successful start-up.
