the requirements of both module 2 and module 11 of the SQF code and form the basis of your food safety quality management system: Module 2 (SQF System Elements). Module 11 (Food Safety Fundamentals - Good Manufacturing Practices for Processing of Food Products).

## SQF Food Safety Management System Templates

The SQF Food Safety Codes, Quality Code and Fundamentals Program have been updated based off the suggestions gathered from SQF staff and stakeholders. The primary goal of this update was to correct typos, grammar error, formatting errors, numbering issues or incorrect references, wording or terminology. As promised, this edition change was a minor update with little impact to the site and there were no changes that would require the site to implement new programs or
