Teaching is about listening, not just talking

Drawing on a substantial research base, the book provides useful suggestions to facilitate successful talk between teachers and children to improve learning and raise standards. Through analysing the talk that goes on in primary school classrooms, the book examines the process of talk and learning in detail and shows how teachers' questions, instructions and statements can support and extend children's learning.

Through analysing the talk that goes on in primary school classrooms, the book examines the process of talk and learning in detail and shows how teachers' questions, instructions and statements can support and extend children's learning. It highlights the central influence of teacher talk on developing children's learning and looks at international perspectives in the field, including the work of Shirley Brice Heath, Douglas Barnes, Gordon Wells, Neil Mercer and Robin Alexander.

This book looks at an issue which is at the heart of every classroom - the role that talk plays in children's learning. Drawing on a substantial research base, the book provides useful suggestions to facilitate successful talk between teachers and children to improve learning and raise standards. Through analysing the talk that goes on in primary school classrooms, the book examines the process of talk and learning in detail and shows how teachers' questions, instructions and statements can support and extend children's learning. accompanying volume on speaking and listening, offering the impressive depth of knowledge and accessible panache that distinguished his first book. In *How to Speak How to Listen*, Adler explains the fundamental principles of communicating through speech, with sections on such specialized presentations as the sales talk, the lecture, and question-and-answer sessions and advice on effective listening and learning by discussion.

Parenting advice at its most useful, enjoyable and stress-free - a completely revised and expanded edition of the bestselling *Learning to talk, talking to Learn*. Help make life fun for both you and your child as you encourage them to talk, listen and learn. this book will help you discover the many natural talents you have as parents and carers, and which you can use with your child every day. As parents, the greatest skill we teach our children is talking and communicating. Effective communication opens doors at school, work and in relationships. *talk, Listen and Learn* is designed as a guide for parents, to refine and enhance their already enormous contributions to their child's ability to talk.

Drawing on their research into the quality, quantity and type of talk that happens in the everyday primary classroom, the authors offer insights into the most effective ways of using talk to improve teaching and learning. They consider broad classroom-based issues, such as: what is important about talk what children know about talk when they get to school the voice of authority and the voice of the learner whole class teaching for diversity the experience of boys and girls, and children with special needs using talk in the Literacy and Numeracy Hours using talk in science and ICT. Packed full of quotes from teachers and pupils in action, this innovative guide presents a range of practical ways that teachers can develop their interactions with their pupils to raise standards in all primary schools.

Talk is the medium through which children learn; and yet children may not realise why their contributions to classroom talk are so important. This book provides teachers with resources for developing children's understanding of speaking and listening, and their skills in using talk for learning. *The Essential Speaking and Listening* will: help children to become more aware of how talk is valuable for learning raise their awareness of how and why to listen attentively and to speak with confidence encourage dialogue and promote effective group discussion integrate speaking and listening into all curriculum areas help every child make the most of learning opportunities in whole class and group work contexts The inclusive and accessible activities are designed to increase children's engagement and motivation and help raise their achievement. Children will be guided to make the links between speaking, listening, thinking and learning and through the activities they will also be learning important skills for future life. Teachers, education students and teacher educators will find a tried-and-tested approach that makes a difference to children's understanding of talk and how to use it to learn.

Speaking and listening are key elements of the primary English National Curriculum; they are also fundamental to children's language development and learning. The need for teachers to develop children's talk in its own right and also to use talk as a means of learning is central to effective primary practice, yet it is an area in which teachers often have little confidence. Now in a fully revised and updated edition, *Unlocking Speaking and Listening* aims to address a recognised need by tackling key issues surrounding speaking and listening with rigour, depth and a strong focus on research. The contributors offer creative and practical advice on teaching speaking and listening from the early years through Key Stages 1 and 2, underpinned by theory into the approach. Significant, interrelated areas covered include: Drama and storytelling Working with EAL children Gifted and talented pupils Special educational needs Using ICT. With contributions from experts in the field, this book is a vital resource to help both trainee and practising primary teachers understand and promote the importance of speaking and listening as an effective tool for learning across the primary curriculum.
