A Dyslexic Child in the Classroom [Dyslexia the Gift

Dyslexia creates suffering for many students, but you rarely hear of teachers admitting to having it. Are teachers really still required, in the 21st century, to be models of perfect, marble-made fonts of knowledge and effectiveness? I have tutored a small number of dyslexic trainee teachers, but that was an exception to the norm.

"This book is a really practical, hands-on guide packed with a wealth of advice on strategies and "things to try" reflecting the authors' extensive experience. If you want to make effective, inclusive dyslexia-friendly classrooms a reality rather than an aspiration, this book is for you." - Dr John P. Rack, Head of Research and Development, Dyslexia Action In this toolkit the authors provide you with the foundations for making your setting and your teaching style dyslexia-friendly. There is a general overview of the principles and practices required, and what the dyslexia-aware teacher needs to bear in mind. Chapters cover: understanding learners with dyslexia dyslexia and phonics dyslexia and English as an Additional Language dyslexia and mathematics dyslexia and science dyslexia and creativity Each chapter includes visual chapter overviews, tried and tested strategies for the classroom and the whole school, using technology to help learners, case studies from practice, children's voices and sources of further information. The book offers you ideas and advice, and will ensure you feel confident you are doing the right things to help overcome barriers to learning. Barbara Pavey is a lecturer in Higher Education, training dyslexia specialists in the North of England. Margaret Meehan is Coordinator of Specialist Tuition at Swansea University. Sarah Davis is an Early Years Leading Teacher working in North Yorkshire.

Many pupils with dyslexia have poor spelling and handwriting, even when their reading is adequate. This practical yet evidence-based book shows teachers who work with pupils with dyslexia how they can effectively address these areas of weakness. Diane Montgomery introduces her popular Cognitive Process Strategies for Spelling (CPSS) and provides guidance on how this direct action can be successfully used in both primary and secondary contexts.? The book describes dyslexia-friendly approaches in Logographic, Alphabetic and Orthographic phases [[the three faces] of dyslexia. Best literacy practice for all children is illustrated in a developmental reading and spelling approach, handwriting as a support to literacy teaching is explained and strategies for overcoming handwriting difficulties are detailed from Reception onwards. Dyslexia-friendly Strategies for Reading, Spelling and Handwriting is full of new research, case examples and practical methods that have been tried and tested in the classroom. This is a must-read guide for all teachers and SENCOs in primary and secondary settings working with pupils with dyslexia.

'This toolkit is the student's safety net offering user friendly, down to earth advice and real life skills that have been tried and tested by the author' -Dr John Schneider, Educational Psychologist, Edinburgh 'This is exactly how I felt starting university ... a wonderful and very helpful book full of interesting and useful hints and tips on how to survive university as a dyslexic student. It doesn't make you feel silly or stupid but makes you feel you can achieve what you set out to do' -Sharon Patterson, Adult Nursing student, Edinburgh Napier University 'You realize you're in the hands of a professional who has taught thousands of students how to succeed at university' -Holly Pellicer, Dyslexia Advisor, University of Oslo Packed with helpful advice, checklists and templates, this book will help you improve your study skills throughout your time at university. Written in a straightforward, no- nonsense style, the guidance can be broken down into manageable chunks. Issues covered include: - procrastination - planning your assignment - understanding your essay question - researching, writing and referencing your written work - managing your own well-being. Drawing on years of experience running study skills workshops in higher education, Monica Gribben has written an accessible book for students with dyslexia that shows how to work through the challenges that studying presents. The companion Website www.sagepub.co.uk/gribben has podcasts, worksheets and electronic resources to support each chapter. Monica Gribben is a private dyslexia consultant and Dyslexia Adviser at Edinburgh Napier University.

"This toolkit is full of practical guidance, empowering ideas and challenging asertions about inclusion. It presents many strategies for meeting diverse learning needs, and methods for overcoming barriers to learning. These are clearly rooted in good practice and based on a wealth of relevant experience that the author has deftly woven into the narrative."--Back cover.

Many pupils with dyslexia have poor spelling and handwriting, even when their reading is adequate. This practical yet evidence-based book shows teachers who work with pupils with dyslexia how they can effectively address these areas of weakness. Diane Montgomery introduces her popular Cognitive Process Strategies for Spelling (CPSS) and provides guidance on how this direct action can be successfully used in both primary and secondary contexts. The book describes dyslexia-friendly approaches in Logographic, Alphabetic and Orthographic phases [[the three faces] of dyslexia. Best literacy practice for all children is illustrated in a developmental reading and spelling approach, handwriting as a support to literacy teaching is explained and strategies for overcoming handwriting difficulties are detailed from Reception onwards. Dyslexia-friendly Strategies for Reading, Spelling and Handwriting is full of new research, case examples and practical methods that have been tried and tested in the classroom. This is a must-read guide for all teachers and SENCOs in primary and secondary settings working with pupils with dyslexia.

This reference guide presents valuable information on dyslexia, as well as practical classroom strategies and accommodations to address areas such as: Phonological Awareness Decoding & Word Recognition Fluency Other important supports include study skills, learning strategies and social/emotional supports. Research-based Tier 2 and 3 interventions for students with dyslexia are also provided. A powerful "desk reference" for every teacher committed to addressing the needs of students with dyslexia in their classrooms.

The first guide of its kind written specifically for trainee and newly qualified teachers, this standards-based text explores the needs of dyslexic learners in mainstream secondary schools. In light of the current dyslexia-friendly schools initiative, it looks at organisational-level support for dyslexic children, together with pragmatic strategies which teachers can use to support children's cross-curricular learning. Further, it includes case studies and practical tasks to build readers' confidence in supporting Specific Learning Difficulties, as well as a range of coping strategies and practical advice, based upon the authors' experience of working with dyslexic learners in different contexts over many years.

Is your school dyslexia-friendly? Beginning with a look at understanding dyslexia, this book shows you how to involve the whole school in order to achieve a dyslexia-friendly environment. You will be able to: - use an audit tool to discover how dyslexia-friendly your school is - look at examples of successful dyslexia-friendly initiatives - find information on funding and resources. This book offers a step-by-step guide to creating a dyslexia-friendly classroom and whole-school environment. Headteachers, deputy headteachers, class teachers, SENCOs, student teachers and literacy co-ordinators wanting to make their school more dyslexia-friendly will find this practical book extremely useful. Barbara Pavey worked as a teacher and SEN specialist for many years and is now Lecturer in Learning Disabilities at The University of Manchester.

The Second Edition of this bestselling book provides a structured multi-sensory programme for teaching literacy to children and young people from 5-18 with dyslexia and other specific literacy difficulties. Supported by a wealth of resources available online and updated throughout, the new edition now includes a brand new section on Implementing the Accelerated Programme for learners who have already acquired some literacy skills. This includes: A placement test to indicate whether the programme is appropriate A diagnostic assessment procedure to determine where the learner should begin on the Accelerated Programme Examples of lesson plans, reading cards and spelling cards to help teachers prepare resources for their students With tried and tested strategies and activities this book continues to provide everything you need to help improve and develop the literacy skills of learners in your setting including: the rationale for a structured multi-sensory approach the development of phonological, reading, writing and spelling skills working with learners who have English as an Additional Language (EAL) lesson structure and lesson-planning alphabet and dictionary skills memory work and study skills teaching the programme to groups ideas for working with young children.
