The Fascist Effect: Japan and Italy,
1915-1952 (Studies of ...

Well-researched and well-written, The Fascist Effect illustrates the intricate way in which Italian Fascist concepts were transformed and reconfigured when incorporated into a Japanese context. It makes a key contribution to the field, which is of interest to specialists while also well worth the read to a wider audience.

uncovers the ideological links that tied Japan to Italy, drawing on extensive materials from Japanese and Italian archives to shed light on the formation of fascist history and practice in Japan and beyond. Moving between personal experiences, diplomatic and cultural relations, and geopolitical considerations, Hofmann shows that interwar Japan found in fascism a resource to develop a new order at a time of capitalist crisis.

The Fascist Effect: Japan and Italy: 1915-1952

In Japan a form of Fascism took hold in the 1920s and 1930s. Emperor Hirohito had most of the power in Japan. However, most of the real power was in the hands of a group military leaders. Hideki Tojo was a Japanese general and became a fascist dictator. He urged Japan to make an alliance with Germany and Italy and form
