The Horse Breeds Poster Book

Excellent quality posters. Only complaint is that the info about the horse shown is on the back of the poster. So as I read the book to my children, (because we haven't torn out the posters) they cannot see the picture of that particular horse. Also if you put them up on the wall you wouldn't be able to see all the good info.

Amazon.com: Customer reviews: The Horse Breeds Poster Book

Each poster has a small oval near the bottom with the name of the breed on it (so you'll never get confused), and the back contains information about that breed telling what colors they are, height, temperament, what they are good at, where they originated, and more. A nice collection for any horse lover. Category Description for Horses Poster Books:
