Jun'ichir Tanizaki (谷崎 潤一郎, Tanizaki Jun'ichir , 24 July 1886 – 30 July 1965) was one of the major writers of modern Japanese literature, and he is perhaps the most popular Japanese novelist after Natsume S ō seki. Some of his works present a shocking world of sexuality and destructive erotic obsessions. Others, less sensational, subtly portray the dynamics of family life in the context of the rapid changes in 20th-century Japanese society.

DIARY OF A MAD OLD MAN

The diaries of a husband and wife detail their feelings about the sexuality, love, and strength of their relationship, in *The Key*, while in *Diary of a Mad Old Man*, after suffering a stroke, an aging Japanese man records his sensual and philosophical experiences, thoughts, and desires, in two novels from the acclaimed Japanese novelist. Original.

A young, well-born Osaka widow, Sonoko Kakiuchi, describes her husband's humiliation and the influence of a beautiful and totally corrupt art student on their lives, in a novel set in the 1920s

Jun'ichir Tanizaki's *In Black and White* is a literary murder mystery in which the lines between fiction and reality are blurred. The writer Mizuno has penned a story about the perfect murder. His fictional victim is modeled on an acquaintance, a fellow writer. When Mizuno notices just before the story is about to be published that this man's real name has crept into his manuscript, he attempts to correct the mistake, but it is too late. He then becomes terrified that an actual murder will take place—and that he will be the main suspect. Mizuno goes to great lengths to establish an alibi, venturing into the city's underworld. But he finds himself only more entangled as his paranoid fantasies, including a mysterious "Shadow Man" out to entrap him, intrude into real life. A sophisticated psychological and metafictional mystery, *In Black and White* is a masterful yet little-known novel from a great writer at the height of his powers. The year 1928 was a remarkable one for Tanizaki. He wrote three exquisite novels, but while two of them—*Some Prefer Nettles* and *Quicksand*—became famous, *In Black and White* disappeared from view. All three were serialized in Osaka and Tokyo newspapers and magazines, but *In Black and White* was never published as an independent volume. This translation restores it to its rightful place among Tanizaki's works and offers a window into the author's life at a crucial point in his career. A critical afterword explains the novel's context and importance for Tanizaki and Japan's literary and cultural scene in the 1920s, connecting autobiographical elements with the novel's key concerns, including Tanizaki's critique of Japanese literary culture and fiction itself.

Chronicles the obsessive love of Joji, an engineer in his thirties, for a fifteen-year-old bar hostess who reminds him of Mary Pickford.

A pair of sophisticated novels by one of Japan's most important novelists of the twentieth century tells the stories of an ancient Japanese warrior obsessed with severed heads, and of two friends who journey into a mountain region cloaked in legends. Reprint. 12,500 first printing.

A fully illustrated, beautifully produced edition of Junichiro Tanizaki's wise and evocative essay on Japanese culture. ' We find beauty not in the thing itself but in the patterns of shadows, the light and the darkness, that one thing against another creates... Were it not for shadows, there would be no beauty. ' This book is in fact a portal. Reading it, you will be led by Junichiro Tanizaki's light touch into a mysterious and tranquil world of darkness and shadows, where gold flashes in the gloom and a deep stillness reigns. If you are accustomed to equate light with clarity, the faded with the worthless and the dim with the dreary,

prepare for a courteous but powerful realignment of your ideas. In *Praise of Shadows* is a poetic paean to traditional Japanese aesthetics – in a free-ranging style that moves from architecture to No theatre, and from cookery to lighting, Tanizaki teaches us to see the beauty in tarnished metal, the sombre dignity in unglazed pottery, the primacy of organic materials that bear witness to the regular touch of human hands. It is also astonishingly prescient, offering a gentle warning against the quest for airbrushed perfection, and reminding us that too much light can pollute and obscure our natural world. In this special edition, the text is accompanied by specially selected images to complement Tanizaki's reflections and further illustrate the pattern and beauty of shadows.

The Maids concerns all the young women who work--before, during, and after WWII--in the pampered, elegant household of the famous author Chikura Raikichi. Though quite well-to-do, Raikichi has a small house: the family and the maids (usually a few, sharing a little room next to the kitchen) are on top of one another. This proximity allows Raikichi to observe the maids and their daily lives extremely closely, and while the house may be straight from *The Makioka Sisters*, his interest carries with it more than a dash of the erotic, calling to mind Tanizaki's raciest books, such as *Diary of a Mad Old Man* and *The Key*.

In 1995, on the thirtieth anniversary of Tanizaki Jun'ichiro's death, Adriana Boscaro organized an international conference in Venice that had an unusually lasting effect on the study of this major Japanese novelist. Thanks to Boscaro's energetic commitment, Venice became a center for Tanizaki studies that produced two volumes of conference proceedings now considered foundational for all scholarly works on Tanizaki. In the years before and after the Venice Conference, Boscaro and her students published an abundance of works on Tanizaki and translations of his writings, contributing to his literary success in Italy and internationally. *The Grand Old Man and the Great Tradition* honors Boscaro's work by collecting nine essays on Tanizaki's position in relation to the "great tradition" of Japanese classical literature. To open the collection, Edward Seidensticker contributes a provocative essay on literary styles and the task of translating *Genji* into a modern language. Gaye Rowley and Ibuki Kazuko also consider Tanizaki's *Genji* translations, from a completely different point of view, documenting the author's three separate translation efforts. Aileen Gatten turns to the influence of Heian narrative methods on Tanizaki's fiction, arguing that his classicism, far from being superficial, "reflects a deep sensitivity to Heian narrative." Tzevetana Kristeva holds a different perspective on Tanizaki's classicism, singling out specific aspects of Tanizaki's eroticism as the basis of comparison. The next two essays emphasize Tanizaki's experimental engagement with the classical literary genres—Amy V. Heinrich treats the understudied poetry, and Bonaventura Ruperti considers a 1933 essay on performance arts. Taking up cinema, Roberta Novelli focuses on the novel *Manji*, exploring how it was recast for the screen by Masumura Yasuzo. The volume concludes with two contributions interpreting Tanizaki's works in the light of Western and Meiji literary traditions: Paul McCarthy considers Nabokov as a point of comparison, and Jacqueline Pigeot conducts a groundbreaking comparison with a novel by Natsume Soseki.
