The Kodály context : creating an environment for musical ...

Since its introduction into the Australian context the influence of the Kodály concept has been significant in the areas of early childhood, primary and secondary education. Research and training have underpinned endeavours in the ACT, NSW, Queensland, Victoria, South Australia and Western Australia and have encouraged many teachers to strive for a better musical future for their students.

The Kodály Concept – Kodály Australia

The Kodaly Method is a way of developing musical skills and teaching musical concepts beginning in very young children. This method uses folk songs, Curwen hand signs, pictures, movable-do, rhythm symbols, and syllables. It was first introduced in Hungary but is now used in many countries, either alone or in combination with other methods.

Takadimi is a system devised by Richard Hoffman, William Pelto, and John W. White in 1996 in order to teach rhythm skills. Takadimi, while utilizing rhythmic symbols borrowed from classical South Indian carnatic music, differentiates itself from this method by focusing the syllables on meter and on western tonal rhythm. Takadimi is based on the use of specific syllables at certain places within ...
