In The Politics of Free Markets, a comparative-historical analysis of the development of neoliberal policies in these four countries, Monica Prasad argues that neoliberalism was made possible in the United States and Britain not because the Left in these countries was too weak, but because it was in some respects too strong. At the time of the oil crisis in the 1970s, American and British tax policies were more punitive to business and the wealthy than the tax policies of France and West ...

The Politics of Free Markets: The Rise of Neoliberal Economic Policies in Britain, France, Germany, and the United States. The attempt to reduce the role of the state in the market through tax cuts, decreases in social spending, deregulation, and privatization—neoliberalism—took root in the United States under Ronald Reagan and in Britain under Margaret Thatcher.
