When a person performs positively, provide recognition immediately. Because it's likely the employee is already feeling good about his or her performance; your timely recognition of the employee will enhance the positive feelings. This, in turn, positively affects the employee's confidence in their ability to perform well in their position.

Why Positive Employee Recognition Is So Important

Multiple studies demonstrate the value and power of positive recognition in the workplace. Below are some examples of research on the power of positive recognition. The Global Recognition Study discovered that managers who provide positive recognition are more respected and admired by employees. Employees who receive regular praise are more productive, engaged and more likely to stay with their organization than those who do not.

The Power of Positive Recognition - Switzer Associates

Although compensation is important, don't underestimate the power of positive recognition. So, when you see something, it's important that you say something. Often, as bosses, we're so focused on issues and obstacles and solving problems that we don't slow down long enough to just simply recognize people for things that they're doing well.

The Power of Positive Recognition | Traction Process ...

When you facilitate employee recognition to say thank you, you help create a positive and productive company culture. Employees much appreciate genuine, sincere, specific recognition from managers, senior managers, and even coworkers. This recognition makes employees feel great and valued, which in
