The River Runs Black: The Environmental Challenge to China's Future.

The River Runs Black: The Environmental Challenge to China ...

Well, a local farmer downstream from the dam explained that the change in colour is due to soil runoff from nearby farms. Essentially, when rain falls on barren fields, the soil gets dissolved in the rainwater, and the water carries the soil into the river. There, all that soil is enough to change the river ' s colour temporarily.

When the river runs black - Sherbrooke Record

The black water flowing from the river into the sea had a foul smell. Ward 58 Councillor Geoff Pullan said the problem was reported to the water and sanitation department last Thursday. " There is a wastewater treatment plant nearby but authorities will need to conduct an inspection to ascertain whether there was a spillage and urgently address the issue.
