desperate to be considered one of the greatest writers of all time. So when a major Hollywood studio hires her to rewrite "Harry Potter," one of the most popular sagas of all time, she sees no better way. But first, convinced that her "abnormal" background might stand in the way of her writing something that "normal" people can relate to, Jessica quickly leaves Hollywood in a quest to immerse herself in how "the other side" lives. It doesn't take long, however, for her to realize that becoming common isn't as simple as she thought it would be. And before she can

Shang ruled in the Yellow River valley, which is commonly held to be the cradle of Chinese civilization. However, Neolithic civilizations originated at various cultural centers along both the Yellow River and Yangtze River. These Yellow River and Yangtze civilizations arose millennia before the Shang. With thousands of years of continuous history, China is one of the world's oldest civilizations, and is regarded as one of the cradles of civilization. The Zhou dynasty (1046–256 BC) supplanted the Shang and introduced the concept of the Mandate of Heaven to

justify their rule. The central Zhou government began to weaken due to external and internal pressures in the 8th century BC, and the country eventually splintered into smaller states during the Spring and Autumn period. These states became independent and warred with one another in the following Warring States period. Much of traditional Chinese culture, literature and philosophy first developed during those troubled times. In 221 BC Qin Shi Huang conquered the various warring states and created for himself the title of Huangdi or "emperor" of the
