[Book Blast | Giveaway] Where Silence Gathers by Kelsey Sutton • 20 December, 2014 • Book Blast, Giveaways • 4 comments Amazon • Barnes and Noble • In this companion novel to the critically acclaimed Some Quiet Place, Alex must choose between Revenge and Forgiveness.

Elizabeth Caldwell doesn't feel emotions, she sees them. Longing and Shame materialize at school. Fury and Resentment appear in her home. They've all given up on Elizabeth, but when it matters most, will Fear save her?

Alexandra Tate can see personified emotions, and her best friend is Revenge. Every night, he waits with Alex outside Nate Foster's house as she builds up the courage to exact her justice on Nate for the drunk driving accident that killed her family. But when Forgiveness suddenly appears, Alex is faced with an impossible choice.

When your only friend is your own endless imagination, how do you escape your mind and connect to the world around you? With parents too busy to pay her attention, an older brother and sister who would rather spend their time with friends, and peers who oscillate between picking on her and simply ignoring her, it's no wonder that Fain spends most of her time in a world of her own making. During the day, Fain takes solace in crafting her own fantastical adventures in writing, but in the darkness of night, these adventures come to life as Fain lives and breathes alongside a legion of imaginary creatures. Whether floating through space or under the sea, climbing mountains or traipsing through forests, Fain becomes queen beyond--and in spite of--the walls of her bedroom. In time, Fain begins to see possibilities and friendships emerge in her day-to-day reality . . . yet when she is let down by the one relationship she thought she could trust, Fain must decide: remain queen of the imaginary creatures, or risk the pain that comes with opening herself up to the fragile connections that exist only in the real world? Told in breathless and visual verse, THE LONELY ONES takes readers through the intricate inner workings of a girl who struggles to navigate isolation and finds friendship where she least expects it. Praise for The Lonely Ones: "Spare and poignant, every word of this haunting and elegant novel in verse feels painstakingly selected...Fain's story is simply a brilliantly crafted coming-of-age novel that will appeal to the hearts and minds of all readers who have ever felt alone."--Kirkus Reviews "STARRED REVIEW" "The lyrical free verse style moves the narrative swiftly along...Gorgeous writing distinguishes this short, but not shallow, read."--School Library Journal "This novel in free verse is exactly what a poetic novel should be...an immersive novel, like any good tale in which readers can take any individual poem and examine it in depth for word use, rhythm, and meaning."--VOYA

"Full of dark mystery and unexpected twists."--Meg Kassel, author of Keeper of the Bees A sound awakens her. There's darkness all around. And then she's falling... She has no idea who or where she is. Or why she's dead. The only clue to her identity hangs around her neck: a single rusted key. This is how she and the others receive their names—from whatever belongings they had when they fell out of their graves. Under is a place of dirt and secrets, and Key is determined to discover the truth of her past in order to escape it. She needs help, but who can she trust? Ribbon seems content in Under, uninterested in finding answers. Doll's silence hints at deep sorrow, which could be why she doesn't utter a word. There's Smoke, the boy with a fierceness that rivals even the living. And Journal, who stays apart from everyone else. Key's instincts tell her there is something remarkable about each of them, even if she can't remember why. Then the murders start. Bodies that are burned to a crisp. And after being burned, the dead stay dead. Key is running out of time to discover who she was—and what secret someone is willing to kill to keep hidden—before she loses her life for good...

Aly's whole world was comprised of the history project that was due, her upcoming violin audition, being held tightly in the arms of her boyfriend, Ben, and laughing with her best friend, Deillah. At least it was—until she found herself on the wrong end of a shotgun in the school library. Her suburban high school had become one of those places you hear about on the news—a place where some disaffected youth decided to end it all and take as many of his teachers and classmates with him as he could. Except, in this story, that youth was Aly's own brother, Luke. He killed fifteen others and himself, but spared her—though she'll never know why. Aly's downward spiral begins instantly, and there seems to be no bottom. A heartbreaking and beautifully told story.

Edgar Award Finalist: A teenage psychopath searches for his kidnapped sister in this "remarkable, dark, and exquisite" suspense novel (The Washington Post Book World). When Sherman Abbott fires a bullet into his brain in front of his younger sister, Mammie, his mother's diligent care and faith in his recovery helps him heal into some semblance of his former self. But a year later, though Sherman can walk and talk, he can relate only to Mammie and the vicious dog known as the Chinaman that lives penned up next door. Then the Abbott house goes up in flames, and Mammie ends up in the hospital, where Leona Hillenbrandt, a well-meaning, lonely young woman bonds with the injured little girl—and abducts her. As Leona flees across the country, collecting other "lost" children, she must take unusual steps to protect her brood . . . because someone is stalking them. Aided only by the ferocious Chinaman, Sherman will stop at nothing to reclaim his beloved sister, leaving a trail of blood and carnage in his wake. An Edgar Award finalist for Best First Novel and hailed as "a minor American classic" by the Philadelphia Daily News, Lost takes readers into the chilling world of a psychopath and delivers an unforgettable, deeply moving read that will keep the reader guessing at every turn.
