GSX-R600 (1997-2000)

Take a full-throttle tour through more than a century of Harley-Davidson history with this definitive e-guide. The Ultimate Harley-Davidson tells the story of the world's greatest motorcycle make—from its origins in a backyard shed to the international company it is today, more than 100 years later. From the early bikes and their key innovations to the v-roads and sports bikes of recent years, it is the complete e-guide for lovers of this American classic. Gloriously illustrated gallery spreads showcase more than 70 of the best-loved Harleys ever created, drawing out their defining features. Spectacular close-ups of key engines explain how the classic Harleys ran, while an updated catalog of every production model provides technical data and key specs for each bike. Whether you're an easy rider or born to be wild—or just mad about motorcycles—there is only one Harley-Davidson, and this is the ebook for you.

The importance of lubricants in virtually all fields of the engineering industry is reflected by an increasing scientific research of the basic principles. Energy efficiency and material saving are just two core objectives of the employment of high-tech lubricants. The encyclopedia presents a comprehensive overview of the current state of knowledge in the realm of lubrication. All the aspects of fundamental data, underlying concepts and use cases, as well as theoretical research and last but not least terminology are covered in hundreds of essays and definitions, authored by experts in their respective fields, from industry and academic institutes.

If you can build websites with CSS and JavaScript, this book takes you to the next level!Creating dynamic, database-driven websites with PHP and MySQL Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

Color for Impact deserves to be within reach of every editor and desktop publisher's computer. It encourages newcomers to think about colour in new ways and reminds experienced designers that colour can be a two-edged sword: it can as easily obscure a message as drive it home. In either case, by focusing on the message and the communication, rather than what Jan White calls the "decorative" aspects of colour. Color for Impact will help you to take advantage of the reduced costs and increased availability of colour at all levels. Contents: Getting the Best Out of Colour; Ten Commandments on Using Colour; Where to Use Colour; How Much Colour to Use; Copying Colour in Black-and-White; Making the Most of Colour; Which Colour to Choose; Combining Colours with Colours; Colour and Panels; Colour and Pictures; Colour and Type; How Words, Shape, Space, and Colour Produce Impact; Technicalities About Colour.

At thirty-two, Marine Vandale is still waiting for true love. The kind of love that takes your breath away, knocks you on the ground, and makes you scared and crazy all at once. ÷You're certainly not going to find it if you spend all your time with three guys.÷ her mother likes to remind her. It's just that Marine, her ex Laurent, Jeff her roommate, and their best friend Julien are inseparable. Together, they're trying to navigate the troubled waters of their thirties, become real adults and tame love. But what used to seem like child's play is becoming less and less of a game, and today's mistakes are not as meaningless as the ones they made in their twenties. But each one in his or her own way continues to hope. And from date to date, from man to man, through a thousand situations she describes as ÷summer stock theatre.÷ Marine persists in believing that one day she'll prove to her mother that you can't fight love.

This report presents the results of the project Safe Future Inland Transport Systems (SafeFITTS), which aims to develop a robust road safety decision-making tool to support the most appropriate road safety policies and measures to achieve tangible results. Road accidents constitute a major social problem in modern societies, accounting for more than 1 million accidents per year in EU-28 (2,900 per day), resulting in 1.4 million injuries and 26,000 fatalities. Current trends suggest that, unless action is taken, traffic injuries will become the fifth leading cause of death by 2030, with the disparity between high-income and low-income countries further increased.

KLR650 (2008-2012),

You know what happens when bad boys get what they wish for? Everything... New York Times Bestselling Author Lori Foster Playing Doctor Attitude makes a huge difference in bed. It could be Axel Dean's motto. The sexy physician likes his women with sensual moxie, and Libby Preston definitely seems to fit that bill. There's that naughty grin. That hot bod. Her eager kisses and cheeky insults. Her... admitted virginity. Whoa. Okay, cue cold shower. Axel may not be an honorable man, but he has his limits. Except Libby won't take no for an answer. She's determined to have someone show her what she's been missing, and suddenly, Axel can't bear to think of Libby playing doctor with anyone else... USA Today Bestselling Author Erin McCarthy The Lady of the Lake Pro baseball player Dylan Diaz is pretty sure he's going to hell. When you rescue a drowning woman from a lake your first thought should be, "Are you okay?" not, "Can I make mad, passionate love to you?" But the minute sputtering kindergarten teacher Violet Caruthers is on Dylan's boat, that's all he can think about. Maybe it's the potent combo of a man's personality inside a stripper's body. Maybe it's the way she drives him crazy with desire and laughter. Or maybe, Dylan's finally found what's been missing in his life, and he's not about to let go. . .

Practice questions for the LEEDS with comprehensive explanation for each credit and prerequisite.
