The firm was well known among influential Chicago liberals and leaders of the black community, and the firm's Judson H. Miner, who met with Obama to recruit him before Obama's 1991 graduation from law school, had been counsel to former Chicago Mayor Harold Washington, although the law firm often clashed with the administration of Mayor Richard M. Daley. The 29-year-old law student made it clear in his initial interview with Miner that he was more interested in joining the firm to learn about ...

Young Mr. Obama Edward McClelland, former staff writer for the Chicago Reader, reports on President Obama 's first campaign for the Illinois State Senate.

Young Mr. Obama: Chicago and the Making of a Black ...

Barack Obama's inspirational politics and personal mythology have overshadowed his fascinating history. Young Mr. Obama gives us the missing chapter: the portrait of the politician as a young leader, often too ambitious for his own good, but still equipped with a rare ability to inspire change. The route to the White House began on the streets of Chicago's South Side. Edward McClelland, a veteran Chicago journalist, tells the real story of the first black president's political education in the capital of the African American political community. Obama's touch wasn't always golden, and the unflappable and charismatic campaigner we know today nearly derailed his political career with a disastrous run for Congress in 2000. Obama learned from his mistakes, and rebuilt his public persona. Young Mr. Obama is a masterpiece of political reporting, peeling away the audacity, the T-shirts, and the inspiring speeches to craft a compelling and surprisingly readable account of how local politics shaped a national leader.

President Barack Obama's #1 New York Times–bestselling memoir of his childhood and young adult years, a compelling journey through family, race, and identity, is now adapted for young people. This edition includes a new introduction from the author and features a full-colour photo insert and a family tree.

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World), "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. *Praise for Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "Dreams from My Father is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman

An autobiography of lawyer and American First Lady Michelle Obama.

The #1 New York Times bestselling picture-book biography of President Barack Obama is now in paperback. Ever since Barack Obama was young, Hope has lived inside him. From the beaches of Hawaii to the streets of Chicago, from the jungles of Indonesia to the plains of Kenya, he has held on to Hope. Even as a boy, Barack knew he wasn't quite like anybody else, but through his journeys he found the ability to listen to Hope and become what he was meant to be: a bridge to bring people together. This is the moving story of our 44th President, told by Nikki Grimes and illustrated by Bryan Collier, both winners of the Coretta Scott King Award. Barack Obama has motivated Americans to believe with him, to believe that every one of us has the power to change ourselves and change our world.

From one of our preeminent journalists and modern historians comes the epic story of Barack Obama and the world that created him. In Barack Obama: The Story, David Maraniss has written a deeply reported generational biography teeming with fresh insights and revealing information, a masterly narrative drawn from hundreds of interviews, including with President Obama in the Oval Office, and a trove of letters, journals, diaries, and other documents. The book unfolds in the small towns of Kansas and the remote villages of western Kenya, following the personal struggles of Obama's white and black ancestors through the swirl of the twentieth century. It is a roots story on a global scale, a saga of constant movement, frustration and accomplishment, strong women and weak men, hopes lost and deferred, people leaving and being left. Disparate family threads converge in the climactic chapters as Obama reaches adulthood and travels from Honolulu to Los Angeles to New York to Chicago, trying to make sense of his past, establish his own identity, and prepare for his political future. Barack Obama: The Story chronicles as never before the forces that shaped the first black president of the United States and explains why he thinks and acts as he does. Much like the author's classic study of Bill Clinton, *First in His Class*, this promises to become a seminal book that will redefine a president.

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

The son of an African father and white American mother discusses his childhood in Hawaii, his struggle to find his identity as an African American, and his life accomplishments.

The rise of Barack Obama is one of the great stories of this century: a defining moment in American history, and one with truly global resonance. Until now, no journalist or historian has written a book that fully investigates the circumstances and experiences of Obama's life or explores the ambition and conviction behind his journey to election. The Bridge - from a writer whose gift for illuminating the historical significance of unfolding events is unsurpassed - offers a portrait, at once masterly and fresh, nuanced and unexpected, of the man who was determined to become the first African-American president. Through extensive on-the-record interviews with friends and teachers, mentors and disparagers, family members and Obama himself, David Remnick allow us to see an early life coloured by absence and uncertainty: one that asked demanding questions of a rootless and literate man in search of himself, sending him firstly towards social work and then into law. Deftly setting Obama's burgeoning political career against the volatile scene in Chicago, Remnick shows us how it was that city's complex racial legacy that shaped the young politician and made his first forays into politics a source of controversy and bare-knuckle tactics: his clashes with older black politicians in the Illinois State Senate, his disastrous decision to challenge the former Black Panther Bobby Rush for Congress in 2000, the sex scandals that would decimate his more experienced opponents in the 2004 Senate race, and the story - from both sides - of his confrontation with his former pastor, Jeremiah Wright. In exploring the way in which Barack Obama imagined and fashioned an identity for himself against the backdrop of race in America, Remnick illuminates an American life without precedent, and reminds us that, electrifying though Obama's victory may have been, there was nothing fated about it. Interrogating both the personal and political elements of the story - and, most crucially, the points at which they intersect - he gives shape to a decisive period of American history, and in turn, to the way it crucially influenced, animated and motivated a gifted and complex man.

NEW YORK TIMES BESTSELLER Rising Star is the definitive account of Barack Obama's formative years that made him the man who became the forty-fourth president of the United States—from the Pulitzer Prize-winning author of Bearing the Cross Barack Obama's speech at the 2004 Democratic National Convention instantly catapulted him into the national spotlight and led to his election four years later as America's first African-American president. In this penetrating biography, David J. Garrow delivers an epic work about the life of Barack Obama, creating a rich tapestry of a life little understood, until now. Rising Star: The Making of Barack Obama captivantly describes Barack Obama's tumultuous upbringing as a young black man attending an almost-all-white, elite private school in Honolulu while being raised almost exclusively by his white grandparents. After recounting Obama's college years in California and New York, Garrow charts Obama's time as a Chicago community organizer, working in some of the city's roughest neighborhoods; his years at the top of his Harvard Law School class; and his return to Chicago, where Obama honed his skills as a hard-knuckled politician, first in the state legislature and then as a candidate for the United States Senate. Detailing a scintillating, behind-the-scenes account of Obama's 2004 speech, a moment that labeled him the Democratic Party's "rising star," Garrow also chronicles Obama's four years in the Senate, weighing his stands on various issues against positions he had taken years earlier, and recounts his thrilling run for the White House in 2008. In Rising Star, David J. Garrow has created a vivid portrait that reveals not only the people and forces that shaped the future president but also the ways in which he used those influences to serve his larger aspirations. This is a gripping read about a young man born into uncommon family circumstances, whose faith in his own talents came face-to-face with fantastic ambitions and a desire to do good in the world. Most important, Rising Star is an extraordinary work of biography—tremendous in its research and storytelling, and brilliant in its analysis of the all-too-human struggles of one of the most fascinating politicians of our time.
